## DESIGN PUBLIC HEARING

### Route 602 Rogues Road Fauquier County

Tuesday, June 4, 2019, 4-6 p.m.  
Kettle Run High School  
7043 Academic Avenue  
Nokesville, VA 20181

## Public Meeting

**Welcome to the Virginia Department of Transportation's design public hearing on the proposed reconstruction of Route 602 (Rogues Road) from Academic Avenue to 0.36 mile north in Fauquier County.**

This public hearing is being held to provide an opportunity for any person, acting on his/her own behalf or representing a group or governing agency, to give VDOT comments and/or suggestions on the proposed project.

VDOT strives to ensure that all members of the community have the opportunity to participate in public decisions on transportation projects and programs affecting them.

A comment sheet is included in the handouts for this meeting, and your input is encouraged. All oral and written comments received on this project will be included in a transcript for review by VDOT personnel, citizens and other interested parties.

## Project Overview

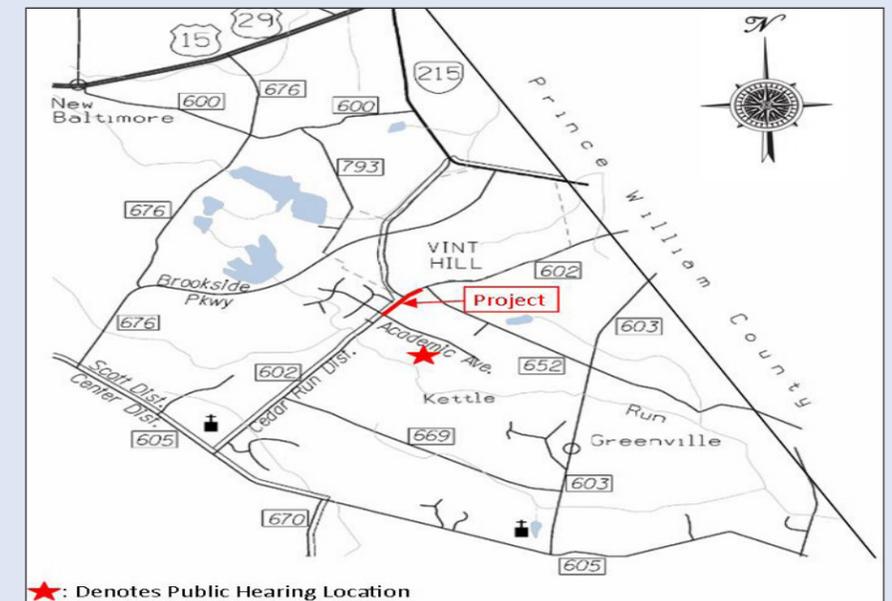

**Anticipated Cost** – \$5 million

**Purpose** – Reconstruct Route 602 (Rogues Road) to improve safety for motorists, bicyclists and pedestrians.

**From** – Route 9956 (Academic Avenue)

**To** – 0.36 mile north of Academic Avenue

**Total Length** – 0.36 mile

State Project – 0602-030-764, P101, R201, C501  
Federal Project – STP-5A01(667) UPC – 104300

## PROJECT DESCRIPTION

VDOT proposes to reconstruct Route 602 (Rogues Road) from Route 9956 (Academic Avenue) to 0.36 mile north of Academic Avenue in Fauquier County to improve safety for motorists, bicyclists and pedestrians.

The improvements include adding a northbound left turn lane from Route 602 to Route 652 (Kennedy Road), signal modifications to provide pedestrian crossing at Academic Drive and a 10 foot wide shared use path from Grapewood Drive to Kennedy Road.

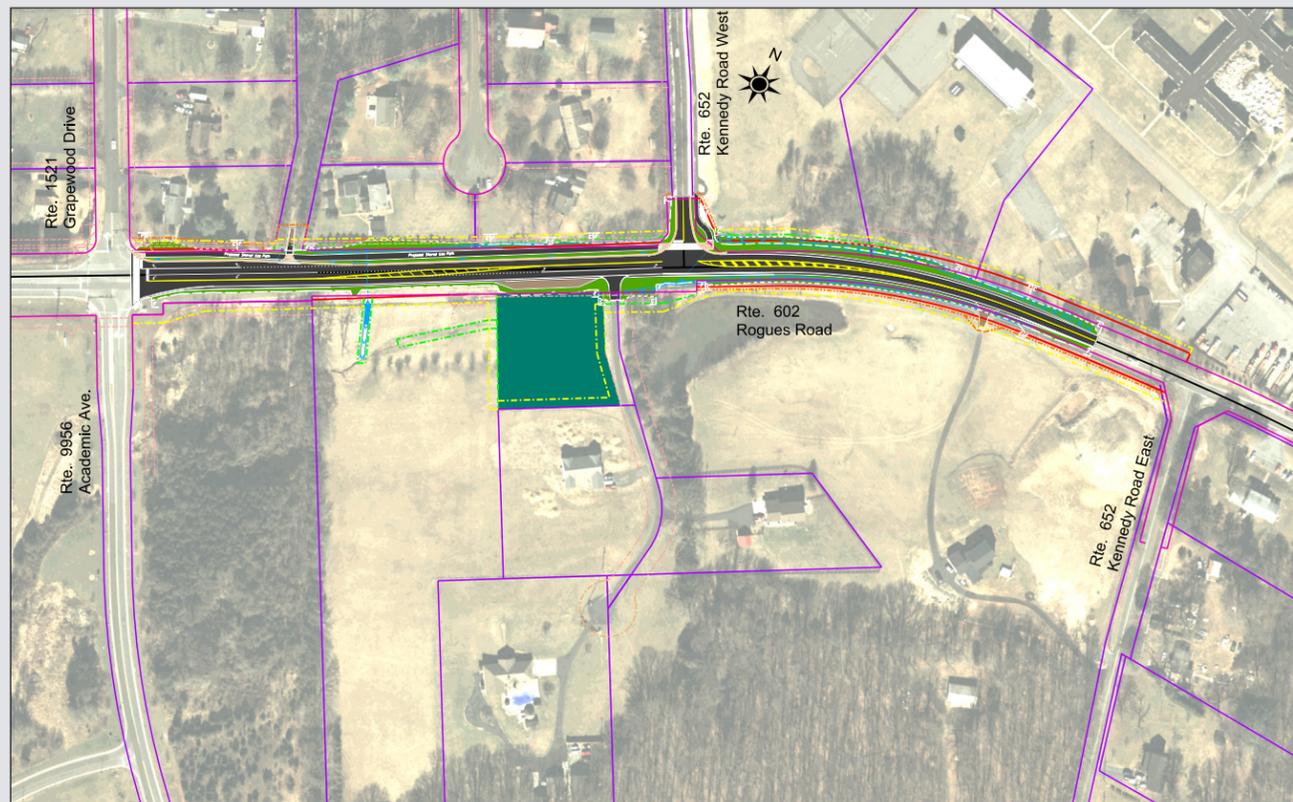

The design of this project is in compliance with the Stormwater Management Act, stormwater regulations and the annual stormwater management standards and specifications approved by the Virginia Department of Environmental

Quality (DEQ).

The construction of this project will conform to VDOT standards and specifications. Also, during construction, reasonable efforts will be made to protect the environment with respect to dust and erosion control. Access to abutting properties will be maintained during construction.

Potential impacts to wetland and flood plains will be evaluated and addressed on this project.

## Project Graphic

## Estimated Project Cost

Total cost:  
**\$5,013,644**

Engineering of roadway plans:  
**\$1,198,644**

Right of way acquisition and utility relocation:  
**\$1,115,000**

Construction:  
**\$2,700,000**

*Cost is subject to change as the design is developed.*

## Anticipated Schedule

**The following schedule has been proposed:**

Public hearing: **June 4, 2019**

Public comment period ends: **June 14, 2019**

Right of way acquisition and utility relocation: **Spring 2020**

Construction advertisement: **Fall 2021**

Construction completion: **Winter 2022**

*Project schedule is subject to change.*

## Environmental Review

VDOT's Culpeper District Environmental office has performed environmental reviews and coordination to obtain information about environmental resources in the project vicinity; to provide natural and historic resource agencies an opportunity to review and comment on the project during its development; and to identify opportunities for avoidance, minimization and mitigation of potential environmental impacts.

The National Environmental Policy Act (NEPA) is applicable to this project and required documentation has been developed in cooperation with the Federal Highway Administration and in accordance with federal guidelines. In compliance with the National Historic Preservation Act, Section 106 and 36 CFR Part 800, information concerning the potential effects of the proposed project on properties listed in or eligible for listing in the National Register of Historic Places is also provided in the environmental documentation.

All required environmental clearances and permits will be obtained prior to commencement of construction. Strict compliance with all environmental conditions and commitments resulting from regulatory approvals and implementation of VDOT's specifications and standard best management practices will protect the environment during construction.

## Civil Rights

VDOT ensures nondiscrimination and equal employment in all programs and activities in accordance with Title VI and Title VII of the Civil Rights Act of 1964.

If you need more information with regard to your civil rights on this project or special assistance for persons with disabilities or limited English proficiency, contact the project manager listed on the back of this brochure.

## Right of Way

The reconstruction of Route 602 will not require the displacement of any families, businesses or non-profit organizations. As the project is further developed, additional right of way for utility relocation or construction may be required beyond the proposed limits shown on the public hearing plans.

Information about right of way purchase is discussed in VDOT's Right of Way and Utilities brochure, "A Guide for Property Owners and Tenants." Copies of this brochure are available on the [VDOT website](#) and from any VDOT Right of Way agent.
